Dear Ms. Horwood,

I am writing to add my voice in support of these two proposals for divestment.

The investment status quo needs to be changed.

In the 1980s, I was a graduate student at the University of Pennsylvania that acted to divest itself of holdings in South Africa under apartheid.

Today, we know that divestment can work towards achieving a greater political-ecological good for human-kind.

The York University Committee on Responsible Investing (YUACRI) has received two proposals from the York Community related to responsible investment. One proposal submitted is related to the divestment of weapons and the second proposal is on the divestment of fossil fuels.

The Committee requests input from the York Community on these two proposals. They can be located through the following link: <http://yuacri.info.yorku.ca/proposals-submitted/>. All comments should be provided in writing to jhorwood@yorku.ca.
