

York Committee on Responsible Investing seeks input on two proposals

James Mckellar to: Judy Horwood

02/16/2017 02:24 PM

I wish to record my strong objections to the two proposals. They represent highly politicized views that are best expressed in other venues, off campus. They do not represent my views as a Faculty member of long standing at York University. A small minority cannot be seen to highjack the university and bring forth political actions that have nothing to do with our pursuit of high academic standards.

Professor James Mckellar, Associate Dean, External Relations

Director | Brookfield Centre in Real Estate and Infrastructure | Schulich School of Business
